

Imagine

Just imagine the difference you can make in the future of your church, camp and ministries around the world.

But you need a plan to make this happen.

We have made it free for you to create an estate plan with our partners **Advisors with Purpose**. Their knowledgeable and experienced advisors can help you understand how to minimize taxes and fees while still providing for the people and charities you care about. It is completely confidential, there is no obligation and we promise that no one will try to sell you anything. You may not think it is possible, but a well planned will could help you be more generous than you ever imagined.
