INSURANCE

Deeks Insurance has been meeting the home and auto insurance needs of faith-based groups for over 30 years. Our Group Insurance Program offers access to exclusive group rates to clients who are members of faith-based organizations, academic institutions, and charities.

In an increasingly digital world, we're becoming accustomed to products and services that are sold as being "just for us". If that's true, why do transactions feel less personal than ever? At Deeks Insurance, we believe something as important as your family's safety deserves more than convenience. We want your insurance to be "just for you" because we know you, and we know you, because – you're family.

## Not if, but when a Crisis Hits!

Are we ever ready for a crisis to happen within our churches? Melodie Bissell, President of Plan to Protect, will provide an overview of how a church board and leadership can weather a storm that could potentially destroy your ministry. This workshop will provide an opportunity to discuss the differences between problems within a church and an actual crisis. We will also consider each stage of a storm, including before the storm, the storm on the horizon, the eye of the storm and picking up the pieces after the storm has occurred.

Broken Walls was conceived in 1995 by Jonathan Miracle (a Mohawk from Tyendinaga Territory in Ontario, Canada), while attending a conference called the Sacred Assembly in Ottawa/Hull. As different First Nations speakers shared, they spoke about the walls of bitterness that have been built up between the newcomers to this land and the First Nations people, Jonathan began to see the need for these walls to be broken and wrote the song “Broken Walls” on the spot and performed it on the drum at this gathering.

Small Church Connections exists to help small churches develop a greater sense of their own potential and in so doing become more effective in serving their communities. Small churches account for about 75% of all churches in Canada and yet they are often overlooked.
