Briercrest College & Seminary Report 2024

Briercrest College and Seminary serves as a community of learning that calls students to seek the kingdom of God, to be shaped profoundly by the scriptures, and to be formed spiritually and intellectually for lives of service.

Location

Located in the Prairie village of Caronport, SK, Briercrest has an active student body of around 600 college and seminary students. Most of our college students live on or near the campus while our seminary students are spread out across the country.

Programs

Our college offers 15 different Bachelor of Arts concentrations (many of which are authorized by the province of Saskatchewan), a Bachelor of General Studies (3-year), and certificates. Our seminary offers 7 different degree programs, including both academic and professional degrees, with various concentrations such as biblical languages, leadership, theology, Christian ministry, and counselling.

Sports

Our college sports teams play in the ACAC and have won titles as recently as last year. In 2023 our men's volleyball team finished third nationally.

Online Education

Our seminary offers online and in-person modular (week long intensive) courses that enable students across Canada to complete degrees while working full-time, without leaving their homes or churches.

Support for Multivocational Ministry

Our seminary received a Lilly Foundation grant of just under one million dollars to support multivocational ministry in Canada. In addition to offering free counselling to multivocational ministers and their families, the grant allows us to come alongside denominational leaders and churches as we aim to support the growing need for multivocational leaders and churches.

Accreditation

Our college is accredited with the Association of Biblical Higher Education (ABHE) and the seminary is accredited with the Association of Theological Schools (ATS). Our college and seminary offer generous financial incentives, including a 1/3 tuition partnership scholarship for those enrolled in our Master of Christian Ministries or Master of Divinity degree.
